WHAT TO EXPECT

EMPOWERING FUTURES. INSPIRING CHANGE.

Youth complete a simple 52 question screening (read aloud to them on the computer).

If youth are under the age of 12, a parent will be asked to answer questions.

Recommendations will be made after the screening is complete.

YOUTH INTERVENTION SERVICES

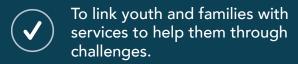

The Youth Intervention Program is offered to any St. Joseph County Youth for free, regardless of insurance, who may be in need of health services.

The Youth Intervention Screener will assist your youth in completing a mental health screening, during a face-to-face appointment. Results of the screener will be shared with the youth and their caregiver.

The Youth Intervention Screener will then help link the youth with appropriate services and provide follow up.

OUR MISSION

To prevent possible involvement in the Juvenile Justice System.

THE BENEFITS
